ANNOUNCEMENT

April 6, 2009

TYCO THERMAL CONTROLS is pleased to announce that FCX Performance is our Sales Representative and Stocking Distributor for the Northern Ohio territory effective immediately.

TYCO THERMAL CONTROLS is the industry leader in providing complete heat-tracing and heat management solutions to the industrial market. We proudly offer top product brands such as: Raychem® Self-Regulating & Power Limiting Heating Cables; Pyrotenax® Mineral Insulated Heating Cables; DigiTrace® Control & Monitoring Systems; and Tracer® Engineered Products.

FCX Performance has been a leading provider of process flow control solutions and products in Northern Ohio for over 20 years. The TYCO THERMAL CONTROLS/FCX team can support industrial applications for process temperature maintenance, pipe freeze protection, long-line heating, tank heating, safety shower freeze protection, power distribution, and control & monitoring.

Listed below, you will find FCX Performance office address, phone and fax numbers. They stand ready to answer your questions quickly and accurately.
