## LIQUID NATURAL GAS LINE CARD

4655 WRIGHT ROAD, SUITE 200, STAFFORD TX 77477

T | 281.561.0900 877.561.0900 F | 281.561.0826

SOUTH TEXAS: T | 361.806.0900 F | 361.806.0300

GOLDEN TRIANGLE: T | 409.727.1200 F | 409.727.1209

**Adams:** Process Control, Quarter-Turn, Rotary Tight Shut-Off Valves, Zero Leakage, Zero Maintenance, Specialty Check Valves

**AEV: Gate, Globe, Ball, and Check Valves:** 1/4" - 30" 150# - 250# C-Ball, Gate, Globe and Check Valves from -320° to 1472° F.

**Services:** Cryogenic, Powder, High Velocity, Mixed Product, Fast Cycling, ESD, Abrasive and Vacuum, Hot Oil, Molecular Sieve

**Fluidic Techniques:** FlowPak Flow Meters, Venturi Tubes, Flow Tubes, Orifice Meter Runs, Orifice Plates & Flanges, Flow Nozzles, Condensate Chambers, AGA Meter Skids

**Mogas:** Anti-surge recycle, compressor quench, compressor suction, flow pressure regulator, feed gas flow control, gas-to-flare blowdown, hot gas bypass, line depressurizing and refrigerant level control

**Magtech:** Magnetic liquid level gauges. Magnetostrictive continuous liquid level transmitters & multi-point float level switches and Guided Wave Radar Transmitters with Bridle Bypass Chambers

**Nikkiso:** Pumps, accessories, and fluid handling systems from 0.0002 GPH (1 ml/hour) to over 525 GPM (2,000 LPM), full vacuum to over 10,000 psig

**PBV:** Trunnion and Floating Ball Valves from 1/2" - 56" 150# - 2500#, 1/4" - 4" 1500WOG - 6000WOG Threaded & Socketweld Floaters and 2"-12" 150-1500# 6D Full Opening Swing Check Valves. Baro stocks large bore ball valves

**Quest-Tech Solutions:** Armored Sight Gauges with Frost Proof Extensions, Cryogenic Magnetic Gauges

**Rotork:** Pneumatic, Hydraulic & Electric Valve Actuators. Rotary & Linear Valve Automation. Pakscan, Foundation Fieldbus, Profibus, Modbus, SIL Actuators and Wireless Solutions

## VALVE AUTOMATION SOLUTIONS & SERVICES

- Custom Fabrication and Assemblies
- Assembly and Test
- On-Site Actuator Retro-fit to Existing Valves
- Engineering and Design
- Complete In-house Machine Shop and Fabrication
- Equipment Start-up and Field Calibration Service
- In-House Training Facility

## GLOBAL PROBLEM SOLVING™

Baro's Global Problem Solving™ is your source for a painless solution to all level, flow, valve/actuator, pump and mixer problems. The automation and repair of all quarter-turn and linear valves, level instrumentation, pump and mixer repair is not a problem with our complete in-house machin shop and production facility. Baro supports its products worldwide with experienced professionals and Factory Authorized service. No matter where you are in the world, Baro can solve your problems. If you need on-site field assistance or product shipments, including those on your emergency basis, our 24-hour Global Problem Solving™ program is there to provide your solution.
