VALVE AUTOMATION SOLUTIONS & SERVICES

- Custom Fabrication and Assemblies
- Assembly and Test
- On-Site Actuator Retro-fit to Existing Valves
- Engineering and Design
- Complete In-house Machine Shop and Fabrication
- Equipment Start-up and Field Calibration Service
- In-House Training Facility

GLOBAL PROBLEM SOLVING™

Baro's Global Problem Solving™ is your source for a painless solution to all level, flow, valve/actuator, pump and mixer problems. The automation and repair of all quarter-turn and linear valves, level instrumentation, pump and mixer repair is not a problem with our complete in-house machine shop and production facility. Baro supports its products worldwide with experienced professionals and Factory Authorized service. No matter where you are in the world, Baro can solve your problems. If you need on-site field assistance or product shipments, including those on your emergency basis, our 24-hour Global Problem Solving™ program is there to provide your solution.

PIPELINE & STORAGE

ABZ Valve: High Performance, PFA Lined and Resilient Seated Butterfly Valves in 2" - 72" 150# - 900#.

Adams: Triple offset butterfly valves to meet ANSI B16.10 gate face to face and Double flange butterfly valves in 3" - 60" 150# - 900# ANSI. Cryogenic Expander & Compressor Isolation valves.

American-Marsh Pumps: Pumps from 3 to 300,000 GPM and heads to over 2,500 feet. Helical Gear Pumps, General Purpose Vertical Incline & End Suction, Horizontal Split Case, Multi-State Split Case, Submersible Non-Clog Sewage Pumps, Regenerative Turbine Pumps. Self Priming Pumps (Interchangeable with Gorman-Rupp). American Marsh ANSI B73.1 Pumps (100% Interchangeable with the Flowserve Durco Mark III Series and Gould's 3196.) Fire Water Pump Packages to N.F.P.A Guidelines

AEV: 1/2"-30" 150#-2500# C-Ball, Globe and Check valves from minus 196 C up to 800 C. Superior design to rising stem ball valve technology. Applications: Mol Sieve, High heat and abrasive applications requiring positive shut off. Cryogenic, Powder, High Velocity, Mixed product, Fast Cycling and ESD.

ASCO: 2-way, 3-way and 4-way solenoid valves, redundant control systems, miniature valves and fuel gas and oil products

DSI: Forged and Cast Steel Gate, Globe and Check Valves

Flexim: Ultrasonic clamp on portable and fixed flow meters for liquid and gas

Fluidic Techniques: FlowPak Flow Meters, Venturi Tubes, Flow Tubes, Orifice Meter Runs, Orifice Plates & Flanges, Flow Nozzles, Condensate Chambers, AGA Meter Skids

Jensen Mixers: Side Entry Belt and Gearbox Vari-Angle Mixers for BS&W Control and Fixed Angle Mixers for blending and chemical mixing applications.

Magtech: Magnetic liquid level gauges. Magnetostrictive continuous liquid level transmitters & multi-point float level switches and Guided Wave Radar Transmitters with Bridle Bypass Chambers

Mogas: FlexStream™ Rotary Control Valve Solution. Reduces noise, limits velocity and vibration, exceptional high rangeability and superior control

Neway: Convention Gate, Globe and Check Valves, Pressure Seal Valves, Through Conduit Gate Valve, Full Opening Check Valves, Bellow Seal Valves, 2" - 48" API 6D Ball Valves in 2PC, 3PC up to 1500#

PBV: Trunnion and Floating Ball Valves from 1/2" - 56" 150# - 2500#, 1/4" - 4" 1500WOG - 6000WOG Threaded & Socketweld Floaters and 2"-12" 150-1500# 6D Full Opening Swing Check Valves. Baro stocks large bore ball valves

Protego: Flame Arresters, Low Pressure Safety Relief Valves (PVRV), and Tank Equipment. Pilot Operated PVRV, Combined PVRV, Pressure or Vacuum PVRV, Endurance Burning Flame Arresters, In-line and End of line Arresters (deflagration and detonation).

Quest-Tech Solutions: Armored Gages and Magnetic Gages

Remanufactured and guaranteed control valve and instrumentation products.

Rotork: Pneumatic, Hydraulic & Electric Valve Actuators. Rotary & Linear Valve Automation. Pakscan, Foundation Fieldbus, Profibus, Modbus, SIL Actuators and Wireless Solutions

Ruelco: Pressure switches in pneumatic, differential, hydraulic & electrical, level switches in pneumatic & electric with external float cages

Southern California Valve: Thru Conduit Gate Valves 2" - 36" 150# - 2500# in API 6D, Cast Steel Dual Seal Expanding Plug Valves, Carbon & Stainless Bolted Bonnet Gates in API 600 Series, Carbon & Stainless Bolted Cover Full Port Swing Check Valves in 2" - 36" 150# - 2500# API 6D, Trunnion Mounted Ball Valves in API 6D up to 56" 600#

Smith Flow Control: Mechanical and Electromechanical Interlocks, all based around trapped key technology. Easi Drive Portable Valve Power Unit. Flexi Drive, Remote Cable Driven Valve Operator. Product brands include: Ellis and Smith Flow Control

Virgo: Trunnion and Floating Ball Valves from 1/2" - 56" 150# - 2500#, 1/4" - 4" 1500WOG - 6000WOG Threaded & Socketweld Floaters. Management

Dan-Ex: Double block and bleed plug valve. Repair & After-market support of existing DBB plug valves.
