VALVE AUTOMATION SOLUTIONS & SERVICES

- Custom Fabrication and Assemblies
- Assembly and Test
- On-Site Actuator Retro-fit to Existing Valves
- Engineering and Design
- Complete In-house Machine Shop and Fabrication
- Equipment Start-up and Field Calibration Service
- In-House Training Facility

GLOBAL PROBLEM SOLVING™

Baro's Global Problem Solving™ is your source for a painless solution to all level, flow, valve/actuator, pump and mixer problems. The automation and repair of all quarter-turn and linear valves, level instrumentation, pump and mixer repair is not a problem with our complete in-house machine shop and production facility. Baro supports its products worldwide with experienced professionals and Factory Authorized service. No matter where you are in the world, Baro can solve your problems. If you need on-site field assistance or product shipments, including those on your emergency basis, our 24-hour Global Problem Solving™ program is there to provide your solution.

POWER PRODUCTS

ABZ: Rubber & Teflon Lined Resilient Seated and High Performance Butterfly Valves, Gate and Globe

Adams: Triple Offset Butterfly Valves and Extraction Steam Non Return Valves

ASCO: 2-way, 3-way and 4-way solenoid valves, redundant control systems, miniature valves and fuel gas and oil products

A-T Controls Inc: Complete Line of Carbon Steel and Stainless Steel Ball Valves in NPT, SW up to 3000psi and Flanged 150#RF-600#RF. V Port Control Valves. Complete line of Pneumatic Spring Return/Double Acting Actuators, Stainless Steel Actuators, Fail Safe Electric Actuators and Standard Electric Actuators

DSI: Forged and Cast Steel Gate, Globe and Check Valves

Edward Valves: Chrome, High Pressure, Stop Checks, Angle Y-Pattern, Pressure Seals, Piston Checks, Tilting Discs, Ball Checks (Forged and Cast Steel) Commodity, Stainless, Bellow Seals, NACE, RTJ, Extended Bod

Flowserve Gestra: Control Valves and Steam Traps: Energy Efficient Steam Traps and Audits, Boiler Blow Down, Feed Water Pump Bypass and Recirculation Valves, High Pressure and Process Steam Traps

Fluidic Techniques: Flow Pak Flow Meters, Venturi Tubes, Flow Tubes, AGA Orifice Meter Runs, Flow Nozzles and Fluidic Techniques ASME PTC-6 Flow Nozzle Test Sections Manufactured in Strict Accordance with the ASME PTC-6 Code. These critical meters are used during turbine acceptance testing in power plants to measure feed water flow or condensate return flow

Magtech: Liquid Level Gauges Magnetostrictive continuous liquid level transmitters & multi-point float level switches and Guided Wave Radar Transmitters with Bridle Bypass Chambers

Severe Service Metal Seated Ball Valves: Applications: High Temperature, High Pressure, Corrosive, Abrasive and Cryogenic Service. Available in all materials and ANSI & API ratings

FlexStream™ Rotary Control Valve Solution: Reduces noise, limits velocity and vibration, exceptional high rangeability and superior control

PBV: Trunnion and Floating Ball Valves from 1/2" - 56" 150# - 2500#, 1/4" - 4" 150WOG - 6000WOG Threaded & Socketweld Floaters and 2"-12" 150-1500# 6D Full Opening Swing Check Valves. Baro stocks large bore ball valves

Quest-Tech Solutions: Direct and Indirect Boiler Trim Armored Level Gauges, Electronic Water Level Measurement and Control up to 3000psi, High Integrity Upgrade Probe Kits available on most competitors, Boiler Flat Glass gages from 300psi - 3000psi, Boiler Controls, Water, Chemical and Fuel Oil Storage Level, Feed Water Heater Level, Screen House Water Level

Remanufactured: Guaranteed Remanufactured Control Valve and Instrumentation Products

Rotork Controls: Electric, Pneumatic, Hydraulic, Direct Gas, Gas over Oil Valve Actuators

Type K: Damper Drives to Control Position of Damper. Fired Heaters, Furnaces, Tangential Fired Boilers

K-Tork: Quarter Turn Precise Positioning Pneumatic Vane Actuators, High Cycle Applications

Southern California Valve: Pressure Seal Gate Valves Cast Thru Conduit Gate Valves, Pressure Seal Globe Valves, API 6D Gate Valves and Check Valves, Dual Seal Expanding Plug Valves, API 6D Sub Sea Ball Valves

Smith Flow Control Ltd: Mechanical and Electromechanical Interlocks all based around trapped key technology. Easi Drive Portable Valve Power Unit. Flexi Drive, Remote Cable Driven Valve Operator. Product brands include: Ellis and Smith Flow Control

VAAS: Knife Gate Valves, Severe service. Bottom Ash, Fly Ash, Lime Slurry, Coal Mill Isolation, Pyrite Hopper. Rubber Lined and Urethane Lined for Abrasive, Erosive, and Corrosive Medias

Bindicator: Roto-Bindicator Level Switch, Capacitance, Ultrasonic Point Level and Non Contact Continuous Level

24/48 Hour "Quick Ship Program"
Mogas Valves & Automation Packages
