

# PUMP ENERGY

an FCX Performance Company

## HOUSTON OFFICE

9933 MULA ROAD, STAFFORD, TX 77477

T | 713.748.8970 F | 713.748.1088

## ODESSA OFFICE

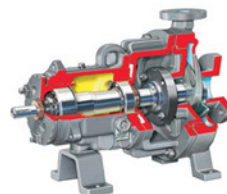

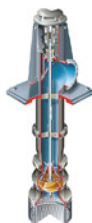

1541 NW LOOP 338, ODESSA, TX 79769

T | 432.381.9166 F | 432.381.9431

## FLUID HANDLING SPECIALISTS

### SALES • SERVICE • TECHNICAL EXPERTISE

Since 1978, Pump Energy has offered customers the highest quality pumps, parts, engineering services, pump repair, fabrication, and unitization - packaging, with the prime mover and mechanical seal of your choice.

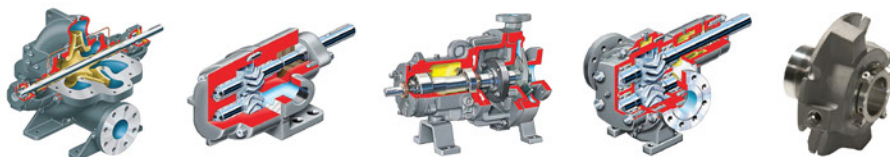

## PUMP TYPES

- ANSI Durco (Metallic & Non-Metallic)
- API Centrifugal
- Split Case
- Vertical In-Line
- Vertical Turbine
- Submersible
- Self-Priming
- Rotary Gear
- Rotary Screw
- Magnetic-Drive
- Regenerative Turbine
- Hydraulic Cell Diaphragm
- Air Operated Double Diaphragm

Flowserve is the leading manufacturer of centrifugal, gear pump products, and services. Flowserve pumps and seals help move, control and protect the flow of materials around the world. We represent and service all Flowserve heritage brands.

**Heritage Brands:** Durco • Ingersoll-Rand • Ingersoll-Dresser Pump or IDP • Byron Jackson • Pacific • Worthington • Aldrich • Wilson-Snyder • United • Scienco • Sier-Bath Rotary • ACEC Centrifugal • Western Land Roller

**CRANE PUMPS & SYSTEMS**

From large scale industrial applications to household and personal applications, Crane Pumps & Systems offers a diverse array of pumps, systems and related equipment. Depending on the type, many products are available in Stainless Steel, Bronze Fitted, All Bronze and Cast Iron. Crane Pumps and Systems heritage brands include:

**MP PUMPS, INC.**

MP Pumps quality centrifugal pumps for any industry and market with a wide variety of pump models, sizes, construction materials, motor options.

**Hydra-Cell INDUSTRIAL PUMPS**

Wanner Engineering builds the pumps required to combat the most "miserable" fluids. Hydra-Cell Seal-less Diaphragm Pumps, Hydra-Cell Metering Pumps

**TRANSPORTATION**

For decades Roper has been the leader in providing rugged, simple, cost effective options to meet the increasing demands of both hauler and shipper and for decades Pump Energy Inc. has been there to service the needs of the industry.

**LACT PUMPS**

We provide customized centrifugal and positive displacement pump packages driven by electric motors, gas engines, or steam turbine prime movers for the various applications.

**ROPER PUMPS**

Recognized worldwide as a leading supplier of industrial pumps including helical gear pumps, progressing cavity pumps, pumping systems, and solutions. As an ISO 9001:2000 certified designer and manufacturer, Roper Pump Company is setting the standard for premium quality products.

**VICAN PUMP**

Vican Pump manufactures Rotary Gear Positive-Displacement Pumps for fluid-handling applications.

**NORTHERN PUMP**

Northern Pump is a precision manufacturer of custom positive displacement gear pumps. Northern Heavy duty gear pumps are available in all shapes and sizes. The modular design allows for customization of a gear pump for specific applications.

**ALL-FLO PUMP CO.**

All-Flo offers a versatile range of durable and reliable pump solutions that can be customized for any application. They manufacture rugged, lube-free, non-stall/freeze air diaphragm pumps.
